# Summer 2020 COVID-19 Exposure Prevention, Preparedness & Response Plan

The purpose of this plan is to outline the steps Barnesville Community ED is planning to take to reduce the risk of exposure to COVID-19. This plan describes what protective measures, and cleaning and disinfecting procedures will take place. This plan also describes the steps that will be taken if someone contracts COVID-19.

Barnesville Community ED takes the health and safety of all participants, coaches and parents very seriously. With the spread of COVID-19 or “coronavirus”, we must all remain diligent in mitigating the outbreak. We have developed this plan to be implemented at our facility and during our activities until further notice. We are asking everyone to help with our prevention efforts while at the fields or school. As set forth below, Barnesville Community ED has implemented various rules, waivers, disinfecting schedules, social distancing and other best practices. Barnesville Community ED expects that if at any time any child, parents, or coach experiences signs or symptoms of COVID-19, as described below, that you report this immediately to Barnesville Community ED. Do NOT come to the ballpark, gymnasium or golf course and call your healthcare provider right away.

- ◆ Coughing
- ◆ Fever
- ◆ Shortness of Breath, difficulty breathing
- ◆ Chills, body aches, sore throat, headache, nausea/vomiting, or loss of taste/sense of smell.

If guidelines change all of these programs and activities are subject to change. Please see specific information listed with each activity. For every activity we ask that students use hand sanitizer at the activity and avoid congregating together in groups.

**Locker-room:** The locker room will not be open for Speed & Strength, basketball or volleyball. Students should come ready to practice. The water fountains will not be available and students should bring their own water/drink. Do not share your drink with other students.

**Waiver:** Parents will be required to sign the waiver BEFORE your child can participate in any activity. NO EXCEPTIONS!

If at any time a participant, parent, or coach shows signs or symptoms of the coronavirus, or gets a positive test, they must notify Barnesville Com. Ed., refrain from coming to practice until a negative test is obtained. If a coach sees any signs or symptoms of COVID-19 during activity, they will ask the child to return to their parent(s)/guardian and leave the activity area. If Barnesville Com. Ed. learns of any positive COVID-19 case in a coach or child, we will consider risk of person-to-person transmission, environment and other factors and alert appropriate persons as needed. Confidentiality will be maintained to the extent practical. When it is required the number of person to be informed will be kept to a minimum. This will assure proper care to the remaining children and coaches.

Each day when students come for activity they will be asked a series of questions as listed below:

Fever Yes/ No

Cough Yes/No

Sore Throat Yes/No

Shortness of Breath Yes/No

In past 14 days in close contact with someone with COVID-19 Yes/No

Student will have temperature taken by coach/staff and will be rerecorded as: temp. higher than 99.9 Yes/No

If temp is higher than 99.9 the student will be sent home

Please call 354-2638 with any questions regarding this information. Students will be kept 6 feet apart as much as possible, however, this might not always happen based on the activity. Please do not send your child if you are uncomfortable with the activity and or your child is ill.
